Daily Schedule, Traffic, and Transportation

Academy instructors will communicate arrival and departure times, as well as traffic procedures, to families during orientations at the start of school. Our students' safety is our top priority. Families must strictly adhere to the established policies.

Transportation

Parents are responsible for transportation to VA sites and programs. Lack of transportation is not an acceptable reason to miss required meetings and/or classes. Missed meetings and/or classes at the start of each year may jeopardize enrollment.

Important

There is no before or after school supervision available for students not enrolled in scheduled classes or activities; therefore, all students must be picked up in a timely manner.

Arrival and Departure Times

VA Main Campus (all high school academies), Keystone, Fusion, and VISA

There is no supervision for students prior to 7:45 a.m. All students must be picked up no later than 15 minutes following dismissal time unless prior arrangements have been made with a teacher or administrator. Student safety is our main concern; therefore, it is critical that you follow your child's arrival and departure times. Parent(s)/Guardian(s) will be contacted to resolve issues regarding early drop offs or late pickups. Consequences may include, but are not limited to, campus beautification projects and detention.

Synergy

All students attending Synergy workshops must be dropped off no earlier than 10 minutes before classes begin and picked up no later than 10 minutes after classes end.

Ventureland

Parent(s)/Guardian(s) may bring their student to the classroom no earlier than 8:00 a.m. Students are required to be picked up from Ventureland by parent(s)/guardian(s) or persons authorized in the student's file no later than 15 minutes after student dismissal time. There is no supervision for students after this time. Many elementary students have high school siblings who are scheduled for afternoon classes; however, it is not an option for elementary students to be left unsupervised on campus until their high school siblings are dismissed. Ventureland also includes half day TK and Kindergarten programs. Parent(s)/Guardian(s) may bring their student no earlier than 15 minutes prior to the start of their school day and must pick up their student no later than 15 minutes after their dismissal time.

Durham Ferry

Students may not be dropped off before 8:00 a.m. All students must be picked up promptly following school dismissal.

Students and Regional Transit

Venture students are allowed to ride the bus for free with a student ID!

If your student is riding city buses to and from school, please be aware that the bus schedule is subject to change throughout the year. While VA does keep informed of bus schedules, we may not be aware of all students who are using bus services. A change in the bus schedule could leave a student without a ride at the end of the day or having to miss classes to catch the bus. Please check Regional Transit's schedule periodically throughout the school year to make sure any changes are compatible with your student's class schedule. The schedule is available on the Regional Transit District (RTD) website: www.sanjoaquinrtd.com

Student Parking

All students who drive a car to school must have a parking permit. Students are required to park in spaces marked "Student Parking" in the solar parking lot located in front of the gymnasium (2814 Transworld Drive) and parking permits must be placed in the car in a visible location. To maintain permits, students must obey all traffic laws and school rules. Students may not return to their cars during school hours unless accompanied by a member of Venture's Campus Safety Team. Venture Academy remains a closed campus and students may not leave campus until their school day is finished. A permit may be revoked at any time the student does not abide by school and traffic rules. Students must submit a completed parking permit application to the main office.

Programs and Academies

VA provides a variety of learning settings for students. A team consisting of school staff, parent(s)/guardian(s), and the student determines placement in the most appropriate setting.

Homeschool Overview

Students in all grades may participate in a homeschool environment. Homeschool is enhanced through a variety of classes and workshops offered to students. When choosing this path, parent(s)/guardian(s) become team teachers with VA teachers. Teachers provide an individualized academic plan, curriculum, and educational assessment of student work. Parent(s)/Guardian(s) enrich this education plan with home and community projects that use the world as a classroom. Families who choose this program for their students must be willing to provide the time to be partners in the education of their students. Students enrolled in homeschool may have the option to attend onsite classes and workshops. To address individual concerns, teachers may require students to attend specific classes. All students are expected to participate in state-mandated synchronous meeting times and assessments.

Independent Study (9-12)

Independent Study students at VA work as independent learners. Students are assigned a teacher who monitors and assesses their progress, meets with them regularly, and assigns work based on individual student's goals. Students and their parent(s)/guardian(s) may help in the development of these goals. 9-12th grade students are also required to participate in at least 1 synchronous class time each week.

Synergy Homeschool (K-8)

Synergy is a K-8 full-time homeschool program where the parent(s)/guardian(s) provide(s) instructional support to the student. An assigned teacher partners with parent(s)/guardian(s) to design an individualized academic plan for each student. Curriculum is provided and families are encouraged to use the world as their classroom. Required education assessments are administered and support classes are offered throughout the school year. Parent(s)/Guardian(s) and students participate in mandatory monthly check-in meetings, required synchronous class sessions and student/teacher interactions, as well as additional support meetings as needed. Field trips are planned to connect families with the community.

Time requirements by age level	Synchronous Class time <i>(virtual meeting, phone call, in person)</i>	Teacher/student interaction <i>(student response, teacher feedback)</i>
K-2nd	daily	NA
3rd-8th	1 X week	daily

Modified Daily Attendance (MDA) Overview

In this model, students receive regularly scheduled instruction from credentialed teachers, have opportunities to focus on areas of personal interest, and are held responsible for completing off campus educational assignments.

Students attend classes, labs, workshops and meetings at the school site on a modified schedule that requires attendance Monday through Thursday. Fridays are committed to learning activities that take students out of the classroom. Teachers may also require students to report to the school on Fridays.

MDA High School Academies:

BrainworX

BrainworX is a Critical Thinking academy that focuses on 21st Century skills, integrated thematic learning and real-world application. Students display mastery of their course content through a summative assessment called Defense of Mastery. Through this process, students have the opportunity to choose a topic they are passionate about, write and defend a thesis, and present to a panel of teachers, peers, and community members each semester.

Delta VISTA

Delta VISTA has a focus on satisfying A-G requirements in preparation for a 4-year college upon completion of High School. Students are encouraged to go above the minimum required coursework for A-G compliance so they can be competitive in the college admissions process.

Excel

Excel Academy currently serves students who have strong interest in the Health or Sports Sciences fields. Students are encouraged to explore all aspects of being involved in athletics and health from every angle.

Foundations

Foundations Academy serves students who are interested in learning by integrating many aspects of the theatre and performing arts with traditional academic learning standards. While enrolled in the program, students are required to participate in Drama, Dance, and all 5 academy performances.

Durham Ferry

Durham Ferry is located approximately 7 miles south of Manteca. Durham Ferry provides hands-on experiences in agriculture, natural resources and ecology, leadership, and outdoor education. It is located on a 290-acre park nestled within the riparian habitat of the San Joaquin River.

ImagineIT

ImagineIT Academy is designed for students interested in 21st Century education and uses project-based curriculum to prepare students for a successful transition into both college and career. Students at ImagineIT are required to take both art and CTE classes.

TEACH! (Teacher Education and Early College High)

TEACH! is designed for students with an interest in pursuing a career in the field of education. TEACH! students have an opportunity to graduate high school with both a Venture Academy diploma and an AA in Elementary Teacher Education.

MDA TK-8 Academies:

Ventureland – GRADES TK-5

This academy is a fantastic opportunity for families who understand and appreciate the importance of parental involvement in a child's learning. Students attend school Monday through Thursday, and Friday is a homeschool day. Parent(s)/Guardian(s) are responsible for working with their students at home for at least 5 hours on Fridays.

Keystone Academy - GRADE 6

Keystone Academy is a 6th grade transition academy created to prepare students for the complexities of a multi-teacher secondary program while solidifying the foundational skills of elementary. Students will focus on the traditional core subjects as well as, technology, engineering, leadership, problem solving, study skills, and organization as well as opportunities for additional student support.

VISA (Venture Integrated Subjects Academy) – GRADES 7-8

Venture Integrated Subjects Academy (VISA) is an academy choice for students in grades 7-8 who are interested in enriching their education in modified self-contained cohorts. Students use technology and the arts to explore and expand their understanding of the world in their core curriculum.

APEX (Academic Performance EXcellence) – GRADES 7-8

APEX is an academy choice for students in grades 7 and 8 who rotate through six core classes each day. This academy provides an integrated learning option where the focus is on achieving the academic and life skills needed to be college and career ready. Along with essential direct instruction in the core subjects, technology, and project based assignments challenge students to explore the world around them.

Durham Ferry – GRADES 5-8

Durham Ferry is a 290-acre site located 7 miles south of Manteca. It provides hand-on experiences in agriculture, natural resources and ecology, leadership, and outdoor education. Students who attend Durham Ferry are those who are prepared to work hard, get dirty, and play passionately.

Enrollment and Attendance

Eligibility

VA is non-sectarian in its programs and admissions policies and does not discriminate on the basis of race, ethnicity, national origin, religion, gender, or disability. VA does not charge tuition. Parents may, however, be responsible for field trips, sports fees, and special project materials as allowed by law. See Parent Notice of Rights included in this handbook for more information regarding student fees and charges.

Attendance accounting at VA is recorded under guidelines regulating independent study throughout the state. These regulations permit any resident of San Joaquin and contiguous counties in grades TK through 12 to apply for enrollment.

Applications for enrollment are accepted for consideration throughout the year based on availability. Access to applications can be found on the website and support can be provided for the process by visiting the main office during office hours or calling (209) 468-5940.

In late fall, families of enrolled students will receive re-enrollment packets. It is the parent(s)/guardian(s)' responsibility to meet the deadline for returning all paperwork. Those students whose paperwork is incomplete or not turned in will lose their secured placement and will be put on a waitlist with new students for the upcoming year. Re-enrolling students who meet all deadlines and requirements for the re-enrollment period will be guaranteed a spot in the next grade level of their current academy. If the current academy does not have the next grade level, the student will be guaranteed a spot in one of the academies that serves that grade level. If a re-enrolling student is choosing a different academy, and if there are more interested students for that academy than there are available spots at that academy's grade level, Venture Academy will perform a random drawing to determine which students receive the spots in their preferred academy. All names will carry the same weight in the random drawing.

Enrollment Procedures

Prior to enrollment, it is recommended that all parent(s)/guardian(s) and students familiarize themselves with Venture Academy programs, philosophy, educational objectives, and staff. This can be done online at the school's website (www.ventureacademyca.org).

Parent(s)/guardian(s) must submit a complete enrollment packet with academy preference and student grade level indicated to the VA main office. Parent(s)/guardian(s) must provide the following:

- Proof of residence
- Complete immunization records
- Birth certificate
- Report of Health Examination for School Entry (for all TK-1 students)
- Oral Health Assessment (for all TK-1 students)
- Copy of student's current IEP and psychological report (special education), or 504 Plan if applicable
- Court documents if applicable, i.e. custody/guardianship paperwork, educational rights documentation
- Transcripts/Report Card from any previous schools attended

Registration will not be completed without these documents. It is the expectation that all information provided on the registration forms is accurate and complete. Providing incomplete or falsified information will result in a meeting with administration and possible dismissal from the school. Students are not enrolled until official notification is received. It is important that students remain enrolled in their present schools until the notification is received and enrollment is confirmed. Priority is given to returning students in good standing, siblings, and children of employees of SJCOE.

California schools are required to check immunization records for all new student admissions at TK/Kindergarten through 12th grade and all students advancing to 7th grade before entry. Students WILL NOT be admitted without complete documentation of meeting the immunization requirements for TK/K-12th grade entry. Additional information regarding these requirements can be found on:

- California Code of Regulations Title 17, Division 1, Chapter 4 (<http://eziz.org/assets/docs/IMM-1080.pdf>).
- <https://www.shotsforschool.org/>

Lottery Information

Venture Academy shall admit all pupils who wish to attend. If the number of pupils who wish to attend exceeds capacity, admittance, except for existing pupils, shall be determined by a public random drawing ("lottery"). VAFS shall establish an annual open enrollment period for submission of applications (enrollment interest forms) to be submitted for admission to VAFS for the following school year. The enrollment interest forms will specify which academy the prospective student is applying to attend, and the pertinent grade level. Public notices will be posted at the VAFS school sites, the VAFS website, and on application forms, clearly stating the application deadline and the date, time and location of the lottery should one be necessary for any grade(s) and/or academy(ies). The lottery will be held at a day and time calculated to maximize the opportunity for public attendance, and the location will be open and accessible to the public. All enrollment interest forms must be received by the stated deadline to be included in the lottery. Enrollment interest forms will be made available on the VAFS website. Venture Academy will make computers available in the office for any parent or guardian needing access to technology to complete the enrollment process. Venture Academy staff are available during office hours to provide any assistance needed with the enrollment process.

VAFS shall not request a pupil's records or require a parent, guardian, or pupil to submit the pupil's records to VAFS as part of the enrollment interest form or before enrollment.

Current students of VAFS shall be exempt from the lottery if they timely submit any intent to return forms required by VAFS. Current families will be provided specific information about the requirements and deadline to submit any intent to return form.

At the end of the open enrollment period, the following situations may occur:

1. The number of interested students does not exceed the current openings for a particular grade level at an academy.
 - a. A lottery will not be held for that grade level at that academy.
 - b. All students who submitted enrollment interest forms will be offered admission and invited to complete enrollment.
2. The number of interested students exceeds the current openings for a particular grade level or levels in an academy.
 - a. A lottery will be conducted for that grade level(s) for that academy using the following procedures:
 - i. Families are not required to be present to participate in the lottery, which shall be based solely on timely submitted enrollment interest forms.
 - ii. Names will be randomly drawn and placed in the order drawn to fill the vacancies of the academy by grade level, starting with the lowest grade level and proceeding to the highest grade level for which a lottery is necessary.
 - iii. Once the particular grade level at the particular academy is filled to capacity, the remaining names will continue to be drawn for positions on the waiting list. Students who are not granted admission for the next school year will remain in the waiting list until the end of the school year for which the lottery was conducted unless otherwise requested to be removed by the parent/guardian or pupil who is 18 years old or older.
 - iv. In no event will a waiting list carry over to the following school year. Non-admitted students must reapply for the following year.
 - v. Students whose enrollment interest forms are received after the open enrollment period deadline for the school year for whom there is not space available will be added to the end of the waiting list in the order in which they are received.
 - b. In the event a vacancy occurs during the school year, students on the waiting list will be offered admission in waiting list order. The order of admission of students at any time during the school year shall be based solely on the order of applicants on the waiting list created during the lottery and added to by subsequent applications.
 - c. Students who do not receive admission into the academy of their choosing have the option of enrolling in an academy in which there are openings.
 - d. At the end of each lottery, families will be notified of the results.

Families who are admitted to VAFS (based on initial applications, the lottery, or from the waiting list) will be invited to complete enrollment by VAFS enrollment staff, who will make at least two separate attempts to contact the family. Families who are offered enrollment but do not respond within the time specified by VAFS will forfeit their offer of admission and will not be included on the waiting list unless they reapply for admission.

The following groups will be given a 6 to 1 weighting preference in the lottery pool:

- Children of employees of VAFS and/or San Joaquin County Office of Education
- Siblings of currently enrolled VAFS students

Residents of San Joaquin County shall be given a 2 to 1 weighting preference in the lottery pool.

These admission preferences have been approved by the San Joaquin County Board of Education in accordance with Education Code Section 47506(e)(2)(B), and those preferences may not be amended or deviated from without prior approval by the County Board in accordance with the requirements of the Charter Schools Act.

Venture Academy admissions preferences will not result in limiting enrollment access for pupils with disabilities, academically low-achieving pupils, English learners, neglected or delinquent pupils, homeless pupils, or pupils who are economically disadvantaged, foster youths, or pupils based on nationality, race, ethnicity, or sexual orientation

Venture Academy will not require mandatory parental volunteer hours as a criterion for admission or continued enrollment.

Venture Academy will not discourage a pupil from enrolling or seeking to enroll for any reason, including academic performance or because the pupil exhibits any characteristics described in Education Code Section 47605(e)(2)(B)(iii).

Any lottery will be executed and overseen by the VAFS Director or the VAFS ASC to ensure fair and accurate implementation in accordance with the terms of this charter. VAFS shall make all necessary efforts to ensure lottery procedures are fairly executed. Notification is sent to Students' District of Residence school upon disenrollment, including students with IEPs.

With the acquisition of a new student information system, Venture Academy will implement an automated lottery using PowerSchool's Enrollment solution. Lottery policies, preferences, and submission calendars will remain the same.

Initial Meetings / Orientation

Students in Homeschool based academies are assigned to a Teacher of Record (TOR) who will schedule an initial meeting with the parent(s)/guardian(s) and the student. Students enrolled in Modified Daily Attendance (MDA) academies will attend an onsite orientation, with the dates and times being posted on the website. During these orientations, parents will be informed about the daily operation of the site, classroom rules, drop off and pick up information, academic and program expectations and specific schedule details.

All VA students are considered independent study students, with each program offering different levels of support.

All VA students and their parents or guardians must sign an Independent Study Master Agreement at the beginning of each year. The Master Agreement is a binding contract, and signing it obligates students, parents, and all teachers to abide by all pertinent California Education Code regulations as expressed in the document. The Independent Study Master Agreement will be signed before the first day of school with the Teacher of Record. Admission and continued enrollment is contingent upon meeting all requirements of the Master Agreement. Violating conditions set forth in the Master Agreement may result in dismissal from the program. Students and parents are encouraged to read the document carefully and to discuss any questions they may have with their Teacher of Record.

To comply with Independent Study regulations, students and parent(s)/guardian(s) must meet the following requirements:

- Provide the VA teacher with records of all instructional activities.
- Maintain all completed and evaluated work for the teacher to review during scheduled appointments.
- Communicate and collaborate with the assigned Teacher of Record on a consistent and regular basis.
- Read, understand, and sign an Independent Study Master Agreement once each year.
- Meet with the Homeschool /Independent Study teacher for synchronous instruction as outlined below or attend all classes as scheduled. Homeschool parents and students must meet in person for the purpose of formally documenting academic progress a minimum of once every school month. Students may be scheduled to meet more frequently.

Failure to meet any one of the above conditions may lead to dismissal from VA.

Attendance

State regulations require that attendance accounting and grade transcripts be supported by instructional activity records and samples of student work that are representative of meeting stated academic objectives/standards. VA teachers are responsible for verifying that students are making academic progress by assessing the quality of work and verifying that all assignments are completed. This verification is based on their evaluation of assignments and the instructional activity log.

Homeschool students may be assigned to attend classes and/or workshops on campus as required by their Teacher of Record. Regular attendance is expected. Students who choose to attend additional classes offered on campus are expected to make a commitment to attend regularly for the duration of the course.

Students assigned to a Modified Daily Attendance (MDA) classroom are expected to arrive on time and attend every day that class is in session. Lack of attendance and participation may affect a student's grade. For medical absences longer than five consecutive days, please consult your child's Teacher of Record for academy specific information regarding plans for returning to school. This will assist in accommodating the student and support the safety of all students and staff.

Early Release of Students

- If a student must leave school prior to the end of the school day, it is required that a parent(s)/guardian(s) come into the school to sign the student out or give verbal permission over the phone to an authorized school official.
- If a student leaves for an appointment during school hours and will return prior to the end of the school day, a note is also required.
- If a student must leave school during class time, a staff member or student messenger will go to the classroom and escort the student to the lobby. Please allow extra time for the student to be located and brought to the front.

Tardy Policy

It is essential that students are present and ready to learn at the beginning of each class. Students with more than three tardies will be required to make up missed class time in detention. If a student does not make up tardy detentions, or accumulates excessive tardy detentions, further disciplinary action may be warranted.

Dismissal From VA

If a student violates the Master Agreement, he or she may be referred back to his or her district of residence. Parent(s)/guardian(s) will be notified whenever a student's enrollment is in jeopardy. As a matter of policy, the student's district of residence will be notified that the student is no longer enrolled.

Course Drop/Add Procedure

In order for a high school student to add or drop a course, the Add/ Drop Request Form must be completed by the deadline.

Term	Drop/Add deadline
Fall	August 11th, 2023
Spring	December 21st, 2023

Academy Transfers

Voluntary

Outside of the re-enrollment process, parent(s)/guardian(s) may request a transfer to a different VA academy within the same program type by contacting their student's Teacher of Record. There are two program types at Venture Academy: Home-based instruction and site-based instruction. Students must be in good standing and space must be available to accommodate this request.

Students wishing to transfer between programs, meaning between an independent study/homeschool program and a site-based program, must apply for the program through the enrollment process. Students must be in good standing and space must be available to accommodate this request.

All parent-requested transfers are subject to space availability, approval by administration, current program teachers and the receiving teacher. The receiving teacher/program may require a pre-transfer interview with the student and parent to determine the appropriateness of a transfer. Approved transfers will take effect at the beginning or end of a semester or at a different time with administrative approval. In the event there are more transfer requests than there are available spots in any particular academy/grade level, a random drawing will determine which student will receive the spot in the academy.

Involuntary

An administrator may determine that a student's current placement is inappropriate on the basis of academic progress and/or social or behavioral issues and may determine that an involuntary transfer of the student to a different program within VA is necessary. This may include independent study with loss of on-site privileges. Prior to action being taken, parent(s)/guardian(s) will be notified and may request a conference with an administrator, teacher, and/or counselor.

Academic Instruction

Duration of Instruction

To ensure student progress toward meeting grade level standards, VA offers instruction that meets the annual instruction minute requirements of Education Code 47612.5.

Total instructional minutes required

TK/Kindergarten	36,000 minutes
Grades 1-3	50,400 minutes
Grades 4-8	54,000 minutes
Grades 9-12	64,800 minutes

Instructional minutes are delivered in partnership with parent(s)/guardian(s) and on-site teachers.

Important notice

For students with special needs who have an active Individualized Education Program (IEP) or a 504 Plan, please call (209) 468.5970.

Odysseyware Grading and Credits Guidelines

Students must complete at least 80% of the semester to be able to receive a grade/credit. Any unfinished assignments will be given a "0" and calculated into the final grade/credit. At the end of first semester, students who have not completed 80% of the course will receive an incomplete and will have the first 2 school weeks of second semester to complete the course. If the course is not completed by the end of the two week period, the student will receive either an "F" on their transcript for that course for first semester. If a student does not complete at least 80% of an assigned course during second semester, they will receive an "F" on their transcript for that course. The end of second semester is the final deadline for the school year.

Textbooks

VA provides all necessary textbooks for every student enrolled in our school. Students are expected to treat all books with care and keep them in good condition. Students are required to return all books to their Teacher of Record when changing classes, checking out of school,

or at the end of the school year. A payment from parent(s)/guardian(s) must be made to replace books that are lost, stolen, defaced, or damaged. The school can arrange a payment plan if the parent(s)/guardian(s) is unable to pay the entire amount due at once. For further information, please call the school office.

Work Permits

Students aged 14 to 17 are allowed to have jobs during the school year. By law, students need to obtain a work permit to be legally employed. The steps for obtaining a work permit are as follows:

- Student obtains employment.
- Student informs the school and is given a work permit application.
- Student, employer and parent(s)/guardian(s) complete and sign the application, and student returns the completed form to the school office.
- Student is issued a work permit.
- Students with work permits are required to remain in good standing at school, which is determined by a student's teachers. Students not in good standing may have their work permit revoked.

Student Success Team (SST)

For students that may need a more focused, or individualized plan to be successful, an SST meeting will be held for students and parents, to meet with teachers, administrators, and other significant representatives that may be needed, for the purpose of creating the best educational and/or behavioral plan for the student. This process of intervention focuses on a student's academic and behavioral progress through communication among all parties. SST meetings may be requested through the student's Teacher of Record.

English Learners

All students whose primary language is not English as indicated on the Home Language Survey K-12 are given an Initial ELPAC to designate students as Initially Fluent English Speakers (IFEP), or English Learner (EL). All students with the Designation EL will receive Integrated & Designated English Language Development (ELD) daily within their instructional day. Additionally, all EL students will be assessed annually with the Summative ELPAC to determine their growth in English language proficiency.

All parents/guardians of EL students are encouraged to join the English Language Advisory Committee (ELAC) to give input into and learn about their students EL Programming.

Extracurricular Activities

Athletics

Students in grades 6-12 who are in good standing will be eligible to participate in the VA Athletics Program. Teachers College of San Joaquin (TCSJ) and San Joaquin County Office of Education (SJCOE) business buildings

Students are not allowed at the TCSJ building unless they are in a scheduled classroom and under the direct supervision of a teacher. Students are not allowed in any of the SJCOE business buildings. Failure to comply will result in disciplinary action.

Visitor Policy

This may be subject to change in accordance with directives from the County Office of Education and the San Joaquin County Department of Public Health. Members of the public must follow identified procedures and guidelines for dropping off or picking up materials.

When offices and classrooms are open to the public, all visitors to VA, including parents and guardians, must sign in and obtain an ID badge. Upon leaving, visitors must sign out.

- Visitors should not enter the classroom buildings during the hours when school is in session unless prior arrangements with a teacher have been made.
- Pick up and drop off procedures, as well as visitor information, will be explained in detail at the start of school orientation.
- VA parent(s)/guardian(s) are allowed to observe and, when appropriate, participate in on-campus educational programs. For the safety of all students and to ensure minimal disruption of instructional activities, all visitors to VA campuses must abide by the following policies:

Dress Code

Venture Academy aligns its dress code policy with California Education Code 48900 (k), which states, “To exhibit any dress, grooming, or appearance that disrupts, or tends to disrupt, the education process, or affects the health or safety of individuals shall be prohibited.” The presence of any apparel, jewelry, accessory, or manner of grooming which, by virtue of its color, arrangement, trademark, or any other attribute, denotes affiliation with any group considered harmful to the school environment and/or promotes or insinuates any type of drug, alcohol, tobacco product, profanity, vulgar or obscene image or behavior is prohibited.

- Students must wear a top, bottom, and shoes that cover their chest, stomach, back, and undergarments at all times.
- While school-appropriate hats and hoods are acceptable in common areas, staff have the autonomy to enforce a “no hats” and/or “no hoods” policy in their academic spaces, including classrooms.

Students arriving at school dressed inappropriately will be asked to wear school-issued clothing and/or request a change of clothes from a parent/guardian.

Emergency Procedures

Emergency drills are held periodically throughout the year and a record is kept of dates held and the time it takes to evacuate the buildings. The following drill procedures will be outlined with students at the beginning of the school year.

Fire Drill Procedures

- School staff will ensure that each student has evacuated the building(s).
- Teachers will take students to a pre-designated area.
- Teachers will take roll at the designated area.
- Students will walk quietly back to their classrooms after the “all clear” is announced.

Safety Procedures

In the event of occurrences on campus that are considered to be seriously threatening to student safety, the school will go on emergency alert and the Lockdown Procedure will be immediately initiated. When a lockdown occurs, it may involve releasing students from school or relocating them from one site to a secondary site. All possible attempts to notify parent(s)/guardian(s) of the situation will be made as soon as possible, pending evaluation of the extent and nature of the emergency/cause for evacuation. Notification will be made via the school’s phone calling system. parent(s)/guardian(s) are asked to keep their emergency contact information updated with accurate information at all times.

Insurance

VA does not provide student insurance. The parent(s)/guardian(s) is responsible for such coverage. Please see [Appendix C](#) for information on obtaining insurance.

Student Meal Program

Breakfast & Lunch

Venture Academy recognizes the link between student health and successful learning and will implement a program that offers healthy, nutrient dense meals. Students that are scheduled to be on-campus for two or more hours on a school day will be offered breakfast. Breakfast & lunch will be available to all students scheduled to be on campus for more than two hours on a school day and is free of charge regardless of household income or eligibility requirements. All meals are aligned with USDA nutritional standards that limit the intake of fat, saturated fat, and sodium.

VA is a closed campus and students are not allowed to leave campus, be outside the designated areas in the TCSJ building for TEACH! Academy students, or any other SJCOE business buildings during lunch. Students may leave with explicit parent/guardian permission, after signing out in the main office. Students who leave campus without permission/ approval will be subject to disciplinary measures.

Academic Guidelines

Rights and Responsibilities

Cooperation among the teacher, the student, and the parent has been proven to improve a child's chance of receiving the best possible education. All are required to do their part equally to ensure that the student experiences a successful academic career.

Progress Reporting

In the Homeschool model, progress will be discussed at least once a month during check-in meetings. Modified Daily Attendance students and parents may contact their teachers to request updated information regarding credits and progress. Quarterly progress will be sent home via progress reports or report cards. Communication about a child's progress toward meeting graduation requirements is crucial. It is recommended that parent(s)/guardian(s) monitor their students' progress via Jupiter, Powerschool, or Odysseyware (if it applies) in addition to scheduled visits and/or emails to the teacher. If a parent/guardian or student would like a face-to-face meeting with the teacher, an appointment should be scheduled in advance.

High school credits are recorded and reported to the registrar at the end of each semester. Students may earn a maximum of 75 credits per academic school year awarded for high school courses taken at either Venture Academy or the school from which a student transfers. Additional credits may be earned through community college classes, or with administrator approval in special circumstances. The number of credits earned is dependent upon the quality of work and depth of understanding.

An overall maximum of 5 community service and 20 PE credits can be earned for work completed outside the school day. These credit limits are not an annual maximum, rather a maximum for the entire time a student is enrolled in high school. These credits can be earned through the completion of tracking logs and with permission of the student's TOR. These credits count towards the 75 maximum credits per year.

Note: Additional progress reports may be sent home any time at the discretion of the teacher or at the request of the parent or guardian.

Academic Integrity

Integrity is a compelling principle, which guides all aspects of student and school life. Academic integrity is highly valued at VA. Students should not cheat or plagiarize. Nor should anyone tolerate such behavior among fellow students.

Cheating is:

- An attempt to earn credit or receive a grade for coursework in a fraudulent, deceitful, dishonest, or misleading way.
- Knowingly submitting the work of others, including artificial intelligence, and representing it as one's own.
- Aiding, abetting, helping, or assisting anyone else to cheat.
- Obtaining an unfair advantage (*i.e. communicating with friends to find out what is on a test before you take it.*)

Plagiarism is taking the language, ideas or thoughts from another person, artificial intelligence, or resource and submitting it as one's own.

- Sources must be cited.

Students who plagiarize or cheat will be subject to disciplinary actions, which may include, but are not limited to, loss of credit for the assignment with a recorded failing grade, requirement to redo or repeat the assignment or assessment, parent meeting, detention, additional research or learning experience about cheating/plagiarism, and/or administrative consequences. A first time offense for cheating or plagiarism will be addressed by the student's academy. Any second or additional offense will be addressed by the academy and administration.

The San Joaquin County Office of Education (SJCOE) has the following guidelines regarding the use of AI for all educational assignments including but not limited to classwork, homework, projects, tests, quizzes, and any evaluation tool:

- **Originality:** Assignments should reflect the student's independent thinking, research, and analysis. Depending solely on AI-generated content without a student's personal input is strictly prohibited. Plagiarism of AI generated content is prohibited;
- **Accuracy:** All work generated by AI must be reviewed by the student for accuracy before relying on it for an academic related purpose;
- **Attribution:** If students use AI-generated content or AI tools for research, they shall provide proper attribution and acknowledge the source. Students shall cite the AI-generated material just like they would with any other source;
- **Learning Purpose:** Assignments are meant to develop the students' knowledge, skills, and critical thinking abilities. AI can be used to support and enhance the students' efforts, but it should not replace them entirely;
- **Monitoring:** All work may be monitored and reviewed by any SJCOE staff to ensure it meets the guidelines of this policy; and
- **Academic Integrity:** Upholding honesty, authenticity, and personal growth is fundamental to the SJCOE. Maintaining academic integrity contributes to the students' academic journey.

State Mandated Testing

Venture Academy participates in all state mandated testing. Students should all plan to participate. Mathematics Placement Policy and Protocol

In 2015, the California Legislature enacted SB 359, the California Mathematics Placement Act of 2015, which mandates that schools adopt a fair, objective, and transparent mathematics placement policy for 9th grade students. In compliance with SB 359, VA has developed a Mathematics Placement Protocol, which can be found in [Appendix D](#).

School-wide Assessments

All students in grades TK-12 will be tested in the beginning, middle, and end of the school year to assess ability and measure progress in Language Arts, Reading, and Math. Additional assessments may be scheduled by academies.

Use of Electronic Devices During Testing

Students may not access any unauthorized electronic devices at any time when test materials are present that are not specified in an individualized education program (IEP), or a Section 504 plan. Use of any unauthorized electronic device during testing may result in disciplinary action.

Promotion

8th Grade Promotion

A recognition ceremony for 8th grade students who have met the requirements for promotion to the 9th grade will take place toward the end of the school year. Students must be in good academic and behavioral standing, and attend a mandatory dress rehearsal, in order to participate.

Requirements for Graduation

High School Credits

Upon registration, VA's registrar will evaluate high school transcripts to determine into which grade level the students will be placed. Credits are earned on a monthly or semester basis and are posted to transcripts at the end of each semester or when a student exits the school.

In order to be considered on-track for graduation, students should have earned at least the number credits below at the end of the identified grade level:

Grade 9	50 credits
Grade 10	100 credits
Grade 11	150 credits
Grade 12	205+ credits

Students are required to successfully complete the following course of study:

Subject	Credits	Subject	Credits

Community Service

In order to earn the required 5 credits of community service, students must complete community service under the direction of the Teacher of Record. Approval of the community service project by the Teacher of Record must be received prior to beginning the project. [Community Service Logs](#) are linked here, or available on the school's website under the [Student Resource page](#). To receive credit the following criteria must be met:

- Work with an organization that provides service that benefits the community OR

- Students will be responsible for recording time spent on the project and requiring a supervisor's signature validating Community Service Log.
- Students must submit a log with the supervisor's signature to their Teacher of Record promptly.
- A maximum of 5 credits can be earned for community service through logs (75 hours).

Graduation by Exhibition (GBE)

GBE is a requirement for graduation from VA. VA is committed to graduating students who are well prepared to become productive citizens within their communities. GBE is an opportunity to reflect on academic and personal growth; to demonstrate an understanding of the roles and responsibilities of community citizenship; to articulate goals for the future; to identify personal strengths, passions and interests; and to communicate a readiness to "Venture into the World." It is also a time for family and friends to share in the celebration. During the GBE students must demonstrate mastery of the schoolwide learner outcomes:

The GBE process culminates in a presentation before a panel. Panel members will include the following: a staff advisor, a student representative, and a community member. This presentation is designed to celebrate the candidate's accomplishments and to demonstrate that they are ready for a productive life beyond high school.

Preparation for GBE can begin at any time through high school, but at a minimum should begin as soon as a student reaches senior status.. Students in Modified Daily Attendance sites may complete their GBE as early as February upon approval of Teacher of Record. Students in Independent Study will schedule their GBE in collaboration with their Teacher of Record. The exhibition is held at the school. Students may invite family and friends in addition to the required panel. Students may present their GBE through various modes, including visual displays, oration, audiovisual technology, and multimedia productions. A Senior GBE Handbook outlining the process is available from the student's Teacher of Record or a counselor.

Student Conduct Code/Disciplinary Procedures

VA students are held to standards of behavior that will serve to protect the emotional and physical safety of all students enrolled in the school. Therefore, students should be aware of possible consequences for their behavior. This may include a loss of all site privileges.

Parent(s)/guardian(s) are considered an integral part of their students' education at VA and may be contacted by phone, email, or Jupiter message if a significant behavioral issue arises. Often the initial contact and subsequent meeting remedy the situation. In the event that a behavior is very serious and initial interventions have failed to alter the behavior, school administration will take action(s) according to the policies of VA and state law, which provide for a safe and secure school environment.

While on field trips, off-campus and extra-curricular activities, participants/spectators carry responsibilities as representatives of the school. All rules of student conduct apply. Students may be subject to discipline for off-campus misconduct if the misconduct is related to school activity or attendance and causes or is reasonably likely to cause a substantial disruption to school activity.

Important

It is noted by your signature on the handbook form that you, as a parent/guardian, have read and understand the Student Conduct Code and will use the school issued modes of communication including electronic grading and communication programs to follow student academic and behavioral progress. If you have questions or concerns about any of the information, or if you disagree with any student conduct code section, please telephone VA at (209)468.5940 to request an appointment.

VA may provide students with instruction, in the classroom or other educational settings, that promotes effective communication and conflict resolution skills, social skills, character/values education, respect for cultural and individual differences, self--esteem development, assertiveness skills, and appropriate online behavior.

VA staff shall receive related professional development, including information about early warning signs of harassing/intimidating behaviors and effective prevention and intervention strategies. Based on an assessment of bullying incidents at school, VA administration may increase supervision and security in areas where bullying most often occurs, such as classrooms, playgrounds, hallways, restrooms, cafeterias.

Intervention

Students are encouraged to notify school staff when they are being bullied or suspect that another student is being victimized. In addition, the Director or designee shall develop means for students to report threats or incidents confidentially and anonymously.

As appropriate, the Director or designee shall notify the parent(s)/guardian(s) of victims and offender(s). Response may involve school counselors, mental health counselors, and/or law enforcement.

Complaints and Investigation

Students may submit to a teacher or administrator a verbal or written complaint of conduct they consider to be bullying. Complaints of bullying shall be investigated and resolved in accordance with SJCOE policy. (SP 5131.2 (21))

When a student is reported to be engaging in bullying off campus and it directly or potentially impacts school activity, school attendance, or the targeted student's educational performance, the Director or designee shall investigate and document the activity and shall identify the specific facts or circumstances involved.

When the circumstances involve cyber bullying, individuals with information about the activity shall be encouraged to save and print any electronic or digital messages sent to them that they feel constitute cyberbullying and to notify a teacher, administrator, or other employee so that the matter may be investigated.

If the student is using a social networking site or service that has terms of use that prohibit posting of harmful material, the Director or designee also may file a complaint with the Internet site or service to have the material removed.

- Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to, the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal's office in each attendance unit have copies of the law available for parent information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district. (Ed. Code, § 58501)

Notification of Rights Under FERPA for Elementary and Secondary Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records.

These rights are:

- 1) The right to inspect and review the student's education records within 45 days of the day the School receives a request for access.

Parents or eligible students should submit to the School principal a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

- 2) The right to request amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students may ask the School to amend a record that they believe is inaccurate or misleading. They should write to the School principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise the parent or eligible student of the right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

- 3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

In addition, the Student Aid Commission may have access to the grade point average (GPA) of all district students in grade 12 and, when required, verification of high school graduation or its equivalent of all students who graduated in the prior academic year, for use in the Cal Grant postsecondary financial aid program. However, such information shall not be submitted when a student, or his or her parent or guardian if the student is under 18 years of age, "opts out" or is permitted by the rules of the Student Aid Commission to provide test scores in lieu of his or her GPA. (Ed. Code, §§ 69432.9, 69432.92) No later than January 1 each year, the Superintendent or designee shall notify each student in grade 11, and the student's parent(s)/guardian(s) if the student is under 18 years of age, that the student's GPA will be forwarded to the Student Aid Commission by October 1 unless the student opts out within a period of time specified in the notice, which shall not be less than 30 days. (Ed. Code, § 69432.9)

Upon request, the School discloses education records, without prior consent, to officials of another school district in which a student seeks or intends to enroll.

- 4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW Washington, DC 20202-5920

SPECIAL NEEDS

Every Student Succeeds Act (ESSA)

The Every Student Succeeds Act (ESSA) took full effect in 2018 to replace the No Child Left Behind Act in modifying the Elementary and Secondary Education Act of 1965 (ESEA). If updates are provided by the California Department of Education, the following notice may change and new information may be added.

Information Regarding Professional Qualifications of Teachers, Paraprofessionals, and Aides

Upon request, parents have a right to information regarding the professional qualifications of their student’s classroom teachers, paraprofessionals, and aides. This includes whether the teacher meets the state qualifications and licensing criteria for the grades and subjects he/she teaches, whether the teacher is teaching under an emergency permit or other provisional status because of special circumstances, the major or field of discipline for any degrees or certifications held by the teacher, and whether any instructional aides or paraprofessionals provide services to the parents’ child and, if so, their qualifications. In addition, parents have a right to notice when the parent’s child has been taught for four or more weeks by a teacher who is not highly qualified. (ESEA § 1111(h)(6) (as amended by ESSA))

Information Regarding Individual Student Reports on Statewide Assessments

Upon request, parents have a right to information on the level of achievement of their student on every State academic assessment administered to the student. (ESEA § 1111(h)(6) (as amended by ESSA))

School Identified for School Improvement

A local educational agency shall promptly provide notice to a parent or parents of each student enrolled in an elementary school or a secondary school identified for school improvement (school that fails for two consecutive years to make adequate yearly progress as defined in the State’s plan) for comprehensive support and improvement activities or targeted support and improvement activities. The notice will be in an understandable and uniform format, and to the extent practicable, in a language the parents can understand. The notice will include an explanation of what the identification means; how the school compares in terms of academic achievement to other elementary schools or secondary schools served by the local educational agency and the State educational agency; the reasons for the identification; an explanation of what the school identified for school improvement is doing to address the problem of low achievement; an explanation of what the local educational agency or State educational agency is doing to help the school address the achievement problem; an explanation of how parents can become involved in addressing the academic issues that caused the school to be identified for school improvement; and an explanation of the parents’ option to transfer their child to another public school (with transportation provided by the agency when required or to obtain supplemental educational services for the child). (ESEA § 1111(c-d) (as amended by ESSA))

Parent and Family Engagement

ESSA requires the District to notify parents of a written parent and family engagement policy. (ESEA § 1116) (as amended by ESSA) (20 U.S.C. § 6318(b)). The policy must include how each school will: convene an annual meeting to which all parents of participating students shall be invited and encouraged to attend, to inform parents of the requirements of this policy and the right of parents to be involved; offer a flexible number of meetings; involve parents in an organized and timely manner in the review and development of programs under this part including development of the parent and family engagement policy; provide parents timely notice about programs under this part, a description of the curriculum in use at the school, the forms of academic achievement, and if requested by parents, opportunities for regular meetings to formulate suggestions and participate in decisions related to the education of their children; allow parents to submit comments on the plan when the school makes it public; jointly develop a compact with parents describing the school's responsibility to provide high-quality curriculum in a supportive and effective learning environment and addresses the importance of communication between parents and teachers; provide assistance to parents of children served by the school in understanding academic standards, assessments, and the requirements of this part; provide materials and training to help parents work with their children to improve their children's achievement; educate teachers on the importance of parent outreach and communication; coordinate parent involvement in school programs; provide information related to school and parent programs in a format and language the parents can understand; adopt and implement model approaches to improving parental involvement; and provide other reasonable support for parental involvement activities as parents may request. This policy shall be provided in a format and, to the extent practicable, in a language that parents will understand.

Limited English Proficient Students

ESSA requires notice be given to parents of limited English proficient students regarding limited English proficiency programs, not later than 30 days after the beginning of the school year (or, for students identified later in the school year, within two weeks). Notice includes: the reasons for the identification of the student as limited English proficient; the need for placement in a language instruction educational program; the student's level of English proficiency and how such level was assessed; the status of the student's academic achievement; the methods of instruction used in the available programs (including content, instructional goals, and the use of English and native language); the exit requirements for the program; how the program meets the objectives of the student's IEP, if applicable; and, parent options for removing a student from a program, declining initial enrollment and/or choosing another program. (ESEA § 1112(e)(3)(A) (as amended by ESSA)) In addition, the notice shall include the following: (1) whether the student is a long-term English learner or at risk of becoming a long-term English learner; (2) the manner in which the program will meet the needs of long-term English learners or those at risk of becoming long-term English learners; and (3) the manner in which the program will help long-term English learners or those at risk of becoming long-term English learners develop English proficiency and meet age-appropriate academic standards. (Ed. Code, §§ 313.2, 440; 20 U.S.C. § 6312)

The information provided above is available upon request from each student's school or the district office. Additional notices that may be required shall be sent separately. (20 U.S.C. § 6301 et seq.)

Language Acquisition Program

If the District implements a language acquisition program pursuant to Education Code section 310, it will: 1) comply with the kindergarten and grades 1-3, inclusive, class size requirements specified in Education Code section 42238.02; and (2) provide the parent or legal guardian of a minor pupil annually, or upon the pupil's enrollment, with information on the types of language programs available to pupils enrolled in the District, including, but not limited to, a description of each program, the process to be followed in making a program selection, identification of any language to be taught in addition to English when the program includes instruction in another language, and the process to request establishment of a language acquisition program. (Ed. Code, § 310; Cal. Code Regs., tit. 5, §§ 11309, 11310)

At Venture Academy we offer a **Structured English Immersion Program**: A language acquisition program for English learners in which nearly all classroom instruction is provided in English, but with curriculum and a presentation designed for students who are learning English. At minimum, students are offered Designated ELD and provided access to grade level academic subject matter content with Integrated ELD.

Other Language Acquisition Programs

Dual-Language Immersion Program: A language acquisition program also referred to as **Two-Way Immersion** that provides language learning and academic instruction for native speakers of English and native speakers of another language with the goals of high academic

achievement, first and second language proficiency, and cross-cultural understanding. This program should be designed using evidence-based research and include both designated and integrated ELD. Typically, this program begins in transitional kindergarten/kindergarten (TK/K) and continues to sixth grade, but can continue through high school.

Transitional Bilingual Program: A language acquisition program for EL students that provides instruction to students utilizing English and a student's native language for literacy and academic instruction, thus enabling an EL student to achieve English language proficiency and meet state-adopted academic achievement goals. This program should be designed using evidence-based research and include both designated and integrated ELD. Typically, this program begins in TK/K and continues to third grade where students transition to instruction solely in English.

Developmental Bilingual Program: A language acquisition program for EL students that provides instruction to students utilizing English and a student's native language for literacy and academic instruction, thus enabling an EL student to achieve language proficiency and meet state academic achievement goals. Typically, this program should be designed using evidence-based research and include both designated and integrated ELD. Typically, this program begins in TK/K and continues with the goal of biliteracy to sixth grade.

Heritage Language Program: A language acquisition program for EL students that provides instruction to students utilizing English and a student's native language for literacy and academic instruction. This program enables non-English speakers or students who have weak literacy skills in their native language to achieve language proficiency and meet academic achievement goals. Typically, this program should be designed using evidence-based research and include both designated and integrated ELD. Typically, this program is designed for sixth through eighth and ninth through twelfth grades.

Parents or guardians may choose a language acquisition program that best suits their child. Schools in which the parents or guardians of 30 students or more per school or the parents or guardians of 20 students or more in any grade request a language acquisition program that is designed to provide language instruction shall be required to offer such a program to the extent possible (20 U.S.C. Section 6312[e][3][A][viii][III]); EC Section 310[a]).

Parents or guardians may provide input regarding language acquisition programs during the development of the Local Control and Accountability Plan (EC Section 52062). If interested in a different program from those listed above, please contact Amy Marszewski (amarszewski@sjcoe.net) to ask about the process.

Children in Homeless/Foster Care Situations, Former Juvenile Court School Students, Migrant Students, and Newcomers

Each local district shall designate a staff person as a liaison for homeless children who shall ensure the dissemination of public notice of the educational rights of students in homeless situations. (Ed. Code, § 48852.5, 42 U.S.C. § 11432(g)(1)(J)(ii)) The District's liaison is Joni Hellstrom and can be contacted at (209) 468-4806, 2829 Transworld Drive Stockton, CA 95206.

A homeless child will be allowed to continue his/her education in their school of origin through the duration of homelessness at the point of any change or any subsequent change in residence once a child becomes a homeless child. If the child's status changes before the end of the academic year so that he/she is not homeless, the District will allow a child in high school to continue his/her education in the school of origin through graduation. For a child in grades K through 8, the District will allow the formerly homeless child to continue his/her education in the school of origin until the end of the academic school year. A homeless child transitioning between school grade levels will be allowed to continue in the school district of origin in the same attendance area. If a homeless child is transitioning to a middle or high school where the school designated for matriculation is in another school district, the homeless child must be allowed to continue to the school designated for matriculation in that school district. The new school will be required to enroll the child immediately regardless of any outstanding fees, fines, textbooks or other items or moneys due to the school last attended or if the child is unable to produce clothing or records normally required for enrollment, including academic records, medical records, proof of immunization history, proof of residency, other documentation, or school uniforms. (Ed. Code, § 48852.7)

The District has designated Joni Hellstrom as the educational liaison for foster children and can be contacted at (209) 468-4806, 2829 Transworld Drive Stockton, CA 95206. The educational liaison will disseminate a standardized notice to foster children that has been developed by the State Department of Education and includes complaint process information. (Ed. Code, § 48853.5)

A foster child shall be allowed to continue his/her education in the school of origin under specified circumstances. If it is determined that it is in the best interests of the foster child to transfer to a school other than the school of origin, the foster child shall immediately be enrolled in the new school, regardless of any outstanding fees, fines, textbooks, or other items or moneys owed to the school last attended or if the child is unable to produce clothing or records normally required for enrollment, including academic records, medical records, immunization history, proof of residency, other documentation, or school uniforms. The last school attended must provide all records to the new school within two business days of receiving the request. (Ed. Code, §§ 48853, 48853.5)

Upon receiving a transfer request or notification of a student in foster care, the District shall, within two business days, transfer the student out of school and deliver the educational information and records to the next educational placement. Grades and credits will be calculated as of the day the student left school and no lowering of grades will occur as a result of the student's absence due to the decision to change placement or for a verified court appearance or related court activity. (Ed. Code, § 49069.5)

The District shall exempt from local graduation requirements a student who is in foster care, a homeless child or youth, a child of a military family, a former juvenile court school student, a migratory child, or a pupil participating in a newcomer program for recently arrived immigrant pupils and who transfers between schools under certain circumstances. (Ed. Code, §§ 51225.1, 51225.2)

The District shall accept coursework done by a student who is in foster care, a homeless child or youth, a child of a military family, a former juvenile court school student, a migratory child, or a pupil in a newcomer program while attending another school. The District will not require those students to retake courses or partial courses they have satisfactorily completed elsewhere. (Ed. Code, § 51225.2)

A complaint of noncompliance alleging violations of these sections, except for Education Code section 48852.7, may be filed under the District's Uniform Complaint Procedures pursuant to Title 5 of the California Code of Regulations.

Pregnant and Parenting Pupils

Pregnant and parenting pupils are entitled to accommodations that provide them with the opportunity to succeed academically while protecting their health and the health of their children. "Pregnant or parenting pupil" means a pupil who gives or expects to give birth or a parenting pupil who has not given birth and who identifies as the parent of the infant.

A pregnant or parenting pupil is entitled to eight weeks of parental leave. This leave may be taken before the birth of the pupil's infant if there is a medical necessity and/or after childbirth during the school year in which the birth takes place, inclusive of any mandatory summer instruction. A pregnant or parenting pupil is entitled to additional leave if deemed medically necessary by the student's physician. (Ed. Code, § 46015)

The person holding the student's educational rights (i.e. the pupil if over 18 or the parent if under 18) may notify the school of the student's intent to exercise this right. Leave may still be taken even if notice was not provided.

During the leave, the student's absences shall be deemed excused and the student shall not be required to complete academic work or other school requirements.

A pregnant or parenting pupil may return to the school and the course of study in which he or she was enrolled before taking parental leave. Upon return to school after taking parental leave, a pregnant or parenting pupil is entitled to opportunities to make up work missed during his or her leave, including, but not limited to, makeup work plans and reenrollment in courses.

A pregnant or parenting pupil may remain enrolled for a fifth year of instruction in the school in which the pupil was previously enrolled when it is necessary in order for the pupil to be able to complete state and any local graduation requirements, unless the local educational agency makes a finding that the pupil is reasonably able to complete its graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school.

A student who chooses not to return to the school in which he or she was enrolled before taking the leave is entitled to alternative education options offered by the local educational agency to include educational programs, activities, and courses equal to those he or she would have been in if participating in the regular education program.

A student will not incur any academic penalties as a result of using the accommodations in this section. (Ed. Code, § 46015)

A complaint of noncompliance may be filed under the District's Uniform Complaint Procedures in accordance with Title 5 of the California Code of Regulations.

Student Parent Lactation Accommodations

The District is required to provide reasonable accommodations to a lactating student on a school campus to address breastfeeding needs. (Ed. Code, § 222)

A student may not be penalized academically because of the reasonable accommodations provided during the school day. A student must also be given the opportunity to make up missed work.

A complaint of noncompliance may be filed under the District's Uniform Complaint Procedures pursuant to Title 5 of the California Code of Regulations.

Temporary Disability

A temporary disability which makes it impossible or inadvisable for a student to attend class may entitle the student to receive individualized instruction. It is the responsibility of the pupil's parent or guardian to notify the school district in which the pupil is deemed to reside of the pupil's need for individualized instruction.

Home Instruction:

The district in which the student resides is to provide individual instruction if the student is receiving the instruction in his or her home. Individual instruction in a pupil's home pursuant to Education Code section 48206.3 shall commence no later than five working days after a school district has determined that the pupil shall receive this instruction.

Hospital or Health Facility Instruction:

The school district in which the hospital or other residential health facility, excluding a state hospital, is located must provide individual instruction to a student with a temporary disability. Within five working days of receipt of the notification, the district must determine whether the pupil will be able to receive individual instruction, and, if so, when the individual instruction will begin. Individual instruction will commence no later than five working days after a positive determination has been rendered. A student with a temporary disability who is in a hospital or other residential health facility, other than a state hospital, which is located outside the student's school district of residence shall be deemed to comply with the residency requirements of the school district in which the hospital is located. A school district may continue to enroll a pupil with a temporary disability who is receiving individual instruction in a hospital or residential health facility to facilitate the timely reentry of the pupil in his or her prior school after the hospitalization has ended, or in order to provide a partial week of instruction. On days in which the student is not receiving individual instruction in a hospital or other residential health facility, he or she may attend school in his or her district of residence if well enough to do so. A pupil receiving individual instruction who is well enough to return to a school shall be allowed to return to the school, including a charter school, that he or she attended immediately before receiving individual instruction, if returning during the same school year. (Ed. Code, §§ 48206.3, 48207, 48207.3, 48207.5, 48208, 48980(b))

Pregnancy, childbirth, false pregnancy, termination of pregnancy, and recovery therefrom shall be treated in the same manner and under the same policies as any other temporary disabling condition. (Ed. Code, § 221.51)

Pupil Find System; Policies and Procedures

Any parent suspecting that a child has exceptional needs may request an assessment for eligibility for special education services through the Director of Student Services and/or Special Education, or his/her designee. Policy and procedures shall include written notification to all parents of their rights pursuant to Education Code section 56300 et seq. (Ed. Code, § 56301; 34 C.F.R. § 104.32(b))

Services for Students with Exceptional Needs or a Disability

State and federal law require that a free and appropriate public education (FAPE) in the least restrictive environment be offered to qualified pupils with disabilities ages 3 through 21 years. Students classified as individuals with exceptional needs for whom a special

education placement is unavailable or inappropriate may receive services in a private nonsectarian school. Please contact the local director of special education for specific information. (Ed. Code, § 56040 et seq.) In addition, services are available for students who have a disability which interferes with their equal access to educational opportunities. (Section 504 of the Rehabilitation Act of 1973, 34 C.F.R. § 104.32) The District official listed below is responsible for handling requests for services under Section 504 and may be reached at the following address and telephone:

Silvia De Alba, Director I of Venture Academy Family of Schools

Continued Education Options for Juvenile Court School Students

A juvenile court school student, or the person holding the right to make educational decisions for the student, may voluntarily defer or decline issuance of their diploma until after the student is released from the juvenile detention facility, thereby allowing the student to take additional coursework at a local education agency. The county office of education will notify the student, the person holding to right to make educational decisions for the student, and the student's social worker or probation officer of all of the following:

- a) The student's right to a diploma;
- b) How taking coursework and meeting other educational requirements will affect the student's ability to gain admission to a post-secondary educational institution;
- c) Information about transfer opportunities available through the California Community Colleges; and

District and school rules pertaining to student discipline are available to parents or guardians of district students in the school office. (Ed. Code, § 35291) Students may be subject to discipline for off-campus misconduct if the misconduct is related to school activity or attendance and causes or is reasonably likely to cause a substantial disruption to school activity. For example, a student using technology such as a home computer, cellular phone, or other electronic device may be disciplined for bullying, engaging in unlawful harassment, or making threats against students, staff, or district property even if such misconduct occurred off-campus and during non-school hours. (Ed. Code, § 48900(r))

Sexual Harassment Policy

Each student will receive a written copy of the district policy on sexual harassment. The purpose of this policy is to provide notification of the prohibition against sexual harassment as a form of sexual discrimination and to provide notification of available remedies. A copy of the District's policy on sexual harassment is attached. (Ed. Code, §§ 231.5, 48980(f))

COLLEGE & CAREER PLANNING

Military Recruiter Information

20 U.S.C. section 7908 requires that school districts disclose the names, addresses and telephone numbers of high school students to military recruiters upon request, unless parents request that this information not be released without prior written consent. Medication prescribed by a physician or ordered by a physician assistant for a child may be administered during the school day by the school nurse or other designated school personnel, or self-administered by the child if the medication is prescription auto-injectable epinephrine or prescription inhaled asthma medication, but only if the parent consents in writing and provides detailed written instructions from a physician, or a physician assistant as specified by law. In order for a child to carry and self-administer prescription auto-injectable epinephrine or prescription inhaled asthma medication, the physician or physician assistant must also provide a written statement detailing the name of the medication, method, amount, and time schedules by which the medication is to be taken, and confirming that the pupil is able to self-administer auto-injectable epinephrine or prescription inhaled asthma medication. Parents must also provide a release for the school nurse or designated school personnel to consult with the pupil's health care provider regarding questions that may arise with regard to the medication, and releasing the District and its personnel from civil liability if the self-administering pupil suffers an adverse reaction as a result of self-administering auto-injectable epinephrine or prescription inhaled asthma medication. The written statements specified in this section shall be provided at least annually and more frequently if the medication, dosage, frequency of administration, or reason for administration changes. Immunizations

The District shall exclude from school any pupil who has not been immunized properly, unless the pupil is exempted from the immunization requirement pursuant to Chapter 1 (commencing with section 120325) of part 2 of division 105 of the Health and Safety Code. The immunization exemption based on personal beliefs has been eliminated. (Health & Saf. Code, § 120325)

A student who, prior to January 1, 2016, submitted a letter or affidavit on file at the District, stating beliefs opposed to immunization, is permitted to enroll in that institution until the student enrolls in the next grade span. Grade span means: 1) birth to preschool; 2) kindergarten and grades 1 through 6, inclusive, including transitional kindergarten; and 3) grades 7 through 12, inclusive. Inspection of Student Records

State law requires that the District notify parents of the following rights which pertain to student records. (Ed. Code, §§ 49063, 49069, 34 C.F.R. § 99.7)

- a) A parent or guardian has the right to inspect and review student records relating directly to his or her child during school hours or obtain a copy of such records within five (5) business days of his/her request.

- b) Any parent who wishes to review the types of student records and information contained therein may do so by contacting the principal at his/her child's school. The principal of each school is ultimately responsible for maintenance of student records.
- c) A parent with legal custody has a right to challenge information contained in his/her child's records. Any determination to expunge a student's record is made after a review of said record(s) by site administrators and certificated staff. Following an inspection and review of student records, the parent may challenge the content of the student's record. The right to challenge becomes the sole right of the student when the student becomes eighteen (18) years of age.
- d) A parent or guardian has the right to consent to disclosures of personally identifiable information contained in the student's educational records, except to the extent disclosure is authorized without consent.

A parent may file a written request with the Superintendent of the District to remove any information recorded in the written records concerning the child which is alleged to be:

- i. Inaccurate.
- ii. An unsubstantiated personal conclusion or inference.
- iii. A conclusion or inference outside of the observer's area of competence.
- iv. Not based on the personal observation of a named person with the time and place of the observation noted.

Within thirty (30) days, the Superintendent or designee shall meet with the parent/guardian and the certificated employee who recorded the information, if any, and if the person is still employed with the District and sustain or deny the allegations. If the allegations are sustained, the Superintendent shall order the correction, removal, or destruction of the information. If the Superintendent denies the allegations, the parent may appeal the decision to the Governing Board within thirty (30) days. The Board shall determine whether or not to sustain or deny the allegations. If the Board sustains the allegations, it shall order the Superintendent to immediately correct, remove or destroy the information from the written records of the student. (Ed. Code, § 49070)

If the final decision of the Board is unfavorable to the parents, or if the parent accepts an unfavorable decision by the District Superintendent, the parent shall have the right to submit a written statement of objections to the information. This statement shall become a part of the student's school record until such time as the information objected to is removed.

Both the Superintendent and the Board have the option of appointing a hearing panel in accordance with Education Code sections 49070-49071 to assist in the decision making. The decision as to whether a hearing panel is to be used shall be made at the discretion of the Superintendent or the Board and not of the challenging party.

- e) A Student Records Log is maintained for each student. The Student Records Log lists persons, agencies or organizations requesting and/or receiving information from the records and the legitimate interests therefore to the extent required by law. Student Records Logs are located at each school and are open to inspection by parents or guardians. (Ed. Code, § 49064)
- f) School officials and employees having a legitimate educational interest, as well as persons identified in Education Code sections 49076 and 49076.5 and in the Family Educational Rights and Privacy Act, may access student records without first obtaining parental consent. "School officials and employees" are persons employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and District-employed law enforcement personnel), a Board member, a person or company with whom the District has contracted to perform a special service (such as an attorney, auditor, medical consultant, or therapist), or a parent, student, foster family agency, short-term residential treatment staff, or caregiver whose access to student records is legally authorized. - g) Parents and guardians have the right to authorize the release of student records to themselves. Only parents and guardians with legal custody can authorize the release of student records to others.

San Joaquin County Office of Education Data Processing JPA Student Internet and Network Access Ethics

I. INTRODUCTION

During these past years access to the Internet has radically changed the way our county and school districts relate to the world. The information superhighway has become a reality. From your school, the district office, or from your home, you are able to travel all over the world to gather information. As we continue to travel this electronic highway, rules to keep traveling safe have become even more vital to successfully completing the journey.

The San Joaquin County Office of Education Data Processing JPA Network (IT JPA WAN) and the Internet represent powerful resources, which allow you to find information in this world-wide electronic network. You are able to connect to and correspond with businesses, major universities, national libraries, other schools, and other people around the world.

Just as you learn social codes and behaviors, which are acceptable at your school, you need to learn the correct procedures and rules for using the network of information services. We require all students to adhere to these guidelines. If you break any of these rules, you will not be allowed to continue to use the system. At the beginning of each school year, you and your parents, or legal guardians, will be required to sign the Consent and Waiver form attached. This means that you and your parents are aware of the school rules and proper procedures for using the Internet and the IT JPA WAN, and the consequences, which would result if these rules are broken. This signed statement becomes your permission slip to take trips on the information highway.

II. THE INTERNET

The Internet is a global technology network made up of many smaller contributing networks to support the open exchange of information among many different kinds of institutions all over the world. This system gives immediate access to information. It's like being able to open any book in any library from your computer. You can look at (and print out) articles, documents, and pictures, and review current facts about news, weather, and sports that you may use in your classes.

III. IT JPA WAN

The IT JPA WAN is one of the hundreds of thousands of networks that make up the Internet. The DP JPA Department of Information Technology has connected most of the district offices and many of the school sites to the Internet through direct high-speed connections within the IT JPA WAN. Access through the Internet will typically occur in the school site libraries and at other locations such as student computer centers and classrooms. The IT JPA WAN makes information sharing and communication with other districts and school sites possible. This network supports activities, which have educational value for administration, teachers, students, and parents.

IV. GETTING STARTED

Before you begin to use the IT JPA WAN and its connection to the Internet, it is important to your teachers, parents, and school administrators that you understand the many consequences of the new computer connections that you wish to make. It is important that you understand that your use of this powerful educational tool is a privilege. It can provide you with countless hours of exploration and use, but like a driver's license, it is a privilege that can be taken from you for breaking the rules. The Internet does include some material that is not suited for students. All minors using these resources will receive training in appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms, cyber bullying awareness and proper response. The intent of San Joaquin County Office of Education Department of Information Technology JPA (DP JPA) is for students to use connections to the Internet only for purposes consistent with the school district's approved curriculum. Anyone who uses the network illegally or improperly will lose the privilege of using it. Additionally, you cannot use the IT JPA WAN for commercial, political, or for profitable services. This document will detail for you what is the proper way to use this communication tool.

V. WHO IS WATCHING?

The Internet and IT JPA WAN are "public places." You must always remember that you are sharing this space with many other users. Potentially, millions of individuals at the same time may be interacting across the network. Your actions can be monitored by others on the network. If you use a particular service on the network chances are that someone knows the connections that you are making, knows about the computer shareware that you have borrowed, and knows what you looked at while you were in the system. Because these connections are granted to you as part of the larger scope of educational materials, the DP JPA reserves the right to monitor all traffic on the network. We do this to make sure that the network continues to function properly for all of its users.

VI. SCHOOL CONDUCT CODES

Your school or district office has a behavior code and student handbook for all students that detail appropriate school behavior, outline rights, and set expectations for students. Because the IT JPA WAN is used as part of a school activity, the school's code of conduct applies to network activities as well. Therefore, the network use policy is an extension of the school's behavior code. These rules apply to vandalism of computer equipment, unauthorized access to information, computer piracy, and any tampering with hardware or software. These rules also apply to the electronic use of harassing and abusive or obscene language, and the sending or receiving of obscene images (sexting). You may not use the network to annoy, harass, cyber bully, or offend other people.

"Harassing," means to engage in a knowing and willful course of conduct directed at another which seriously alarms, annoys, or harasses another, and which serves no legitimate purpose. In addition, "harassment" shall also mean to subject another to unwelcome sexual advances, request for sexual favors and other verbal, visual or physical conduct of a sexual nature as set forth in California Education Code section 212.5

Other types of damage and information loss to a computer system are viruses and worms. If you are responsible for a computer becoming infected with viruses or worms, you could be held liable.

VII. MORAL AND ETHICAL ISSUES

The moral and ethical issues involving the use of worldwide information systems deal with the appropriate access to information, the type of information accessed, and the behavior of the user. DP JPA wants to provide you with a stimulating educational environment, but at the same time, we want to protect you from information that is not appropriate for students to use.

The DP JPA wants you to use this valuable educational tool, but at the same time we cannot condone the use of inappropriate information on the Internet. We simply acknowledge the fact that these materials exist and then do everything we can to actively avoid them. We cannot weed out all of the materials that are unacceptable for academic purposes, but it should be clearly understood by all students that access to such material in any form is strictly forbidden. The network is designed to achieve and support instructional goals, and any

information that does not support classroom learning is to be avoided. Although the actual percentage of unacceptable materials is small, it is a cause for concern for students, parents, and teachers. If a student stumbles onto the information while doing legitimate research, he should contact your teacher or the person responsible for technology at your school.

X. ELECTRONIC FIELD TRIPS

The Internet and IT JPA WAN offer many opportunities for "electronic field trips" to distant locations. The DP JPA considers all connections to remote locations as field trips. Therefore, the rules that apply to student conduct on field trips apply to these electronic field trips as well. It is important that you realize you are acting as an ambassador for your school. Just as parental/guardian permission slips are required before you may take field trips, your parents, or legal guardians, have to give you permission for electronic field trips by signing the attached contract.

XI. EXPECTED BEHAVIOR

You are expected to use the network to pursue intellectual activities, seek resources, access libraries and find international friends. We want you to explore this new "space" and discover what is available there. We want you to learn new things and share that newly found knowledge with your friends, parents, and teachers. When you are using the computer network and communicating with others in remote or even close locations, keep the following in mind:

- 1) You cannot see them;
- 2) You cannot tell how old they are or even what sex they are;
- 3) They can tell you anything, and you cannot always be sure what they are telling you is true; and
- 4) Absolute privacy cannot be guaranteed in a network environment. So, you need to think carefully about what you say and how you say it.

For your own safety and for the safety of others, remember to exercise caution when you are communicating with people in the outside world. Do not give out your home phone number or your address to anyone. They do not need to have that information. If you feel there is a problem or if you feel uncomfortable with the information someone is giving you, tell your teacher or school site technology coordinator immediately. By the same token, you may not harass other users. You do not want to run the risk of breaking the law by bothering other people. If a user on the network asks that you no longer send him/her e-mail or in any other way contact him/her; you are obliged to stop all contact immediately. You may feel you have the right of freedom of expression, but others have the right to be free from harassment.

XII. LEGAL ISSUES

A. The Law

The State of California passed a computer crime bill in December 1979. The bill added section 502 to the Penal Codes making it a felony to intentionally and without permission access any data, computer, computer system or network for the purpose of: (1) devising any scheme or artifice to defraud, deceive or extort or (2) wrongfully obtaining money, property, or data.

It is also a felony to knowingly and without permission access, add, alter, delete, damage, or destroy any computer, computer system, computer software, computer program, or data. Penalties includes fines up to \$10,000 and/or imprisonment in the state prison for up to 16 months or in the county jail for two or three years, or a fine of \$5,000 and/or imprisonment in the county jail for up to one year. Anyone committing acts of this kind will face police charges and disciplinary action by the school. The person will be punished to the full extent of the law.

Some examples of offenses are removing another user's accounts, changing other user's passwords, using an unauthorized account, damaging any files, altering the system, or using the system to make money illegally. You may not cause damage to any school or district property. This includes the network system.

B. Plagiarism

The dictionary defines plagiarism as "taking ideas or writings from another person and offering them as your own." The student who leads readers to believe that what they are reading is the student's original work when it is not is guilty of plagiarism. Credit should always be given to the person who created the article or idea.

Be careful when you are using the Internet. Cutting and pasting ideas into your own document is very easy to do. So, be sure that you give credit to the author. That way your teacher will know which ideas are yours, and you won't be guilty of plagiarism.

C. Copyright

Copyright is another issue altogether. According to the Copyright Act of 1976, "Fair Use" means that you may freely use any information that you legally find on the Internet as long as you do so only for scholarly purposes. You may not plagiarize or sell what you find.

Suppose, for example, that you find a copy of Microsoft Works on the Internet. Could you legally copy it? The answer is NO. This is copyrighted software. You have to purchase software packages before you use them legally. Suppose you find an article about the use of Microsoft Works on the Internet. Can you legally copy it? The answer is yes, as long as you give credit to the author and do not sell the article for profit.

XIII. DP JPA POLICY

The DP JPA declares unethical and unacceptable behavior just cause for taking disciplinary action, revoking networking privileges, and/or initiating legal action for any activity through which an individual:

- Uses the IT JPA WAN for illegal, inappropriate, or obscene purposes, or in support of such activities. Illegal activities shall be defined as a violation of local, state, and/or federal laws. Inappropriate use shall be defined as a violation of the
- intended use of the network, and/or purpose and goal. Obscene activities shall be defined as a violation of generally accepted social standards for use of a publicly owned and operated communication vehicle.
- Uses the IT JPA WAN for any illegal activity, including violation of copyrights or other contracts
- violating such matters as institutional or third-party copyright, license agreements and other contracts.
- Uses the IT JPA WAN to access harmful matter. Penal Code section 313 defines "harmful matter" as "matter, taken as a whole, which to the average person, applying contemporary statewide standards, appeals to the prurient interest, and is a matter which, taken as a whole, depicts or describes in a patently offensive way sexual conduct and which, taken as a whole, lacks serious literary, artistic, political, or scientific value for minors."
- Intentionally disrupts network traffic or crashes the network and connected systems.
- Degrades or disrupts equipment or system performance.
- Uses IT JPA WAN or equipment for commercial or financial gain or fraud.
- Steals data, equipment, or intellectual property.
- Gains or seeks to gain unauthorized access to resources or entities.
- Forges electronic mail messages, or uses an account owned by another user.
- Invades the privacy of individuals.
- Posts anonymous messages.
- Creates, distributes, or purposely activates a computer virus or worm.
- Uses IT JPA WAN to send or request racist, inflammatory, or sexist messages.
- Sends or requests messages or documents that are inconsistent with school or district policies, guidelines, or codes of conduct.
- Possesses any data, which might be considered a violation of these rules in paper, magnetic (disk), or any other form.

A. Consequences of Violations

Possible consequences of violations include, but are not limited, to:

- Suspension of Internet access
- Revocation of Internet access Suspension of IT JPA WAN privileges
- Revocation of IT JPA WAN privileges
- Suspension of computer access
- Revocation of computer access
- School suspension
- School expulsion
- Legal action and prosecution by the authorities

B. Remedies and Recourses

If you are accused of any of the violations, you have all of the rights and privileges that you would have if you were accused of school vandalism, fighting, and so forth.

The district, school site, and DP JPA have the right to restrict or terminate network and Internet access at any time for any reason. The district and DP JPA have the right to monitor network activity in any form that it sees fit to maintain the integrity of the network.

Math Placement Policy

Instruction

Placement in Mathematics Courses

The Governing Board believes that a sound educational program must include the study of subjects that prepare students for admission to higher education and/or a fulfilling career. To the extent possible, Venture Academy Family of Schools (VA) students shall be provided an opportunity to complete a sequence of mathematics courses recommended for admission into the University of California and California State University systems.

The Administrator or designee shall work with VA teachers, counselors, and administrators and the representatives of feeder schools to develop consistent protocols for placing students in mathematics courses offered at VA. Such placement protocols shall systematically take into consideration multiple objective academic measures that may include, but are not limited to, interim and summative assessments, placement tests that are aligned to state-adopted content standards in mathematics, classroom assignment and grades, and report cards.

Students shall be enrolled in mathematics courses based on the placement protocols. No student shall repeat a mathematics course, which he/she has successfully completed based on the placement protocols of VA.

When a student does not qualify to be enrolled in a higher level mathematics course based on a consideration of the objective measures specified in the placement protocols, he/she may nevertheless be admitted to the course based on the recommendation of a teacher or counselor who has personal knowledge of the student's academic ability.

The placement protocols shall specify a time within the first month of the school year when students shall be reevaluated to ensure that they are appropriately placed in mathematics courses and shall specify the criteria VA will use to make this determination. Any student found to be misplaced shall be promptly placed in the appropriate mathematics course.

Within 10 school days of an initial placement decision or a placement decision upon reevaluation, a student and his/her parent(s)/guardian(s) who disagree with the placement of the student may appeal the decision to the Administrator or designee. The Administrator or designee shall decide whether or not to overrule the placement determination within 10 school days of receiving the appeal. The decision of the Administrator or designee shall be final.

VA staff shall implement the placement protocols uniformly and without regard to students' race, sex, gender, nationality, ethnicity, socioeconomic background, or other subjective or discriminatory considerations in making placement decisions.

The Administrator or designee shall ensure that all teachers, counselors, and other VA staff responsible for determining students' placement in mathematics courses receive training on the placement protocols.

Prior to the beginning of each school year, the Administrator or designee shall communicate the commitment of VA to providing students with the opportunity to complete mathematics courses recommended for college admission, including approved placement protocols and the appeal process, to parent(s)/guardian(s), students, teachers, school counselors, and administrators.

This policy and the mathematics placement protocols of VA shall be posted on the VA website.

Annually, the Governing Board and the Administrator or designee shall review student data related to placement and advancement in the mathematics courses offered at VA to ensure that students who are qualified to progress in mathematics courses based on their performance on objective academic measures are not held back in a disproportionate manner on the basis of their race, ethnicity, gender, or socioeconomic background. The Governing Board and Administrator shall also consider appropriate recommendations for removing any identified barriers to students' access to mathematics courses.

Appendix A – District/School Sexual Harassment Policy

The San Joaquin County Office of Education (SJCOE), the district for VA Family of Schools, recognizes that sexual harassment can cause embarrassment, feeling of powerlessness, loss of self-confidence, reduced ability to perform schoolwork, and increased absenteeism or tardiness. To promote an environment free of sexual harassment, site supervisors and managers shall take appropriate actions such as removing vulgar or offending graffiti, establishing site rules, and providing staff in-service or student instruction and counseling. Teachers shall discuss this policy with their students in age-appropriate ways and shall assure them that they need not endure any form of sexual harassment.

The SJCOE will not tolerate sexual harassment of any student by any other student or SJCOE employee, including harassment because of sexual orientation. Any student or employee who is found guilty of sexual harassment shall be subjected to disciplinary action.

The SJCOE encourages students or staff to immediately report incidences of sexual harassment to the program administrator or designee. The program administrator or designee shall promptly investigate each complaint of sexual harassment in a way that ensures the privacy of all parties concerned. In no case shall the student be required to resolve the complaint directly with the offending person.

Upon verifying that sexual harassment occurred, he/she shall ensure that appropriate action is promptly taken to end the harassment, address its effects on the person subjected to the harassment, and prevent any further instances of the harassment. In addition, the student may file a formal complaint with the Superintendent or his designee in accordance with the SJCOE's uniform complaint procedures.

The SJCOE prohibits retaliatory behavior against any complainant or any participant in the complaint process. Information related to a complaint of sexual harassment shall be confidential to the extent possible, and individuals involved in the investigation of such a complaint shall not discuss related information outside the investigation process.

This responsibility includes discussing SJCOE's sexual harassment policy when asked and assuring students that they are not required to endure sexually insulting, degrading, or exploitative treatment or any other form of sexual harassment.

SJCOE will make its best effort to investigate and resolve all complaints within five working days of receipt of the complaint.

- Be included in the notifications that are sent to parent(s)/guardian(s) at the beginning of each school year;
- Be displayed in a prominent location near each school office;
- Be provided as part of any orientation program conducted for new students at the beginning of each quarter, semester, or summer session;
- Appear in any school or SJCOE publication that sets forth the schools or SJCOE's comprehensive rules, regulations, procedures, and standards of conduct.

Investigation of Complaint at School

The Program Administrator or designee shall promptly investigate all complaints of sexual harassment. In so doing, he/she shall talk individually with: The student who is complaining; the person accused of harassment; anyone who saw the harassment take place; anyone mentioned as having related information.

The student who is complaining shall have an opportunity to describe the incident, present witnesses and other evidence of the harassment, and put his/her complaint in writing.

The Program Administrator or designee shall discuss the complaint only with the people described above. When necessary to carry out his/her investigation or for other good reasons that apply to the particular situation, the Program Administrator or designee also may discuss the complaint with the following persons:

The Superintendent or designee; The parent(s)/guardian(s) of the student who complained; The parent(s)/guardian(s) of the person accused of harassing someone; A teacher or staff member whose knowledge of the students involved may help in determining who is telling the truth; Child protective agencies responsible for investigating child abuse reports; Legal counsel for SJCOE.

When the student who complained and the person accused of harassment agree, the Program Administrator or designee may arrange for them to resolve the complaint informally with the help of a counselor, teacher, administrator, or trained mediator. The student who complained shall never be asked to work out the problem directly with the accused person unless such help is provided.

The Program Administrator or designee shall tell the student who complained that he/she has the right to file a formal complaint at any time in accordance with SJCOE's uniform complaint procedures. If the student wishes to file a formal complaint, the Program Administrator or designee shall assist the student in doing this.

In reaching a decision about the complaint, the Program Administrator or designee may take into account.

Statements made by the persons identified above;

- The details and consistency of each person's account;
- Evidence of how the complaining student reacted to the incident;

- Evidence of past instances of harassment by the accused person;
- Evidence of past harassment complaints that were found to be untrue.
- To judge the severity of the harassment, the Program Administrator or designee may take into consideration:
- How the misconduct affected one or more students' education;
- The type, frequency, and duration of the misconduct;
- The number of persons involved;
- The age and sex of the person accused of harassment;
- The subject(s) of harassment;
- The place and situation where the incident occurred;
- Other incidents at the school, including incidents of harassment that were not related to sex.

The Program Administrator or designee shall write a report of his/her findings, decision, and reasons for the decision and shall present this report to the student who complained, and the person accused. The Program Administrator or designee shall give the Superintendent or designee a written report of the complaint and investigation. If he/she verifies that sexual harassment occurred, this report shall describe the actions he/she took to end the harassment, address the effects of the harassment on the person harassed, and prevent retaliation or further harassment.

Within two weeks after receiving the complaint, the Program Administrator or designee shall determine whether or not the student who complained has been further harassed. The Program Administrator or designee shall keep a record of this information and shall continue this follow-up at his/her discretion.

Enforcement

The Superintendent or designee shall take appropriate actions to reinforce SJCOE's sexual harassment policy. As needed, these actions may include any of the following:

- Providing staff in-service and student instruction or counseling;
- Notifying parent(s)/guardian(s);
- Notifying Child Protective Services;
- Taking appropriate disciplinary action. In addition, the Program Administrator or designee may take disciplinary measures against any person who is found to have made a complaint of sexual harassment that he/she knew was not true.

Superintendent's Designee

The Superintendent designates the Deputy Superintendent, Associate Superintendent, Assistant Superintendent of the program area in which the alleged harassment took place as designee for these procedures. cf: 1312 Uniform Complaint Procedure, 5141.41 Child Abuse Prevention, 5145.6 Parent Notifications

Appendix D – Math Protocol

Ninth Grade Mathematics Placement Protocol *(Updated June, 2023)*

The California Mathematics Placement Act of 2015, enacted as SB 359, mandates that schools adopt a fair, objective and transparent mathematics placement policy for 9th grade students. In compliance with SB 359, Venture Academy Family of Schools has developed the following placement protocol. For the full Venture Academy Math Placement policy, please refer to our webpage or student handbook.

INITIAL PLACEMENT

Ninth grade initial placement determination will be made prior to the start of the first semester of 9th grade. A re-evaluation will occur for all 9th grade students within the first 30 days of the fall semester. The chart below outlines the multiple measures used to determine initial math placement for 9th graders and to re-evaluate placement after 30 days.

Incoming 9th Grade Students		
	Algebra 1/Integrated Math 1	Algebra 2, Geometry, or Integrated 2
Math Grade	All 9th grade students are enrolled in Algebra 1 or Integrated Math 1 unless they meet the criteria for Algebra 2, Geometry, or Integrated Math 2.	Pass Algebra 1 or Integrated Math 1 with a C or better
CAASPP Score		Exceeds Standards
MDTP Readiness Test		Surpass readiness for Algebra 1
Star Renaissance		Score >1110
*After using multiple measures to initially place students, counselors/administration will confirm placement for all 9th grade students in Fall Semester of 9th Grade using the same criteria as above.		

APPEAL PROCESS

Appendix E – Tobacco Policy

BUSINESS AND NON-INSTRUCTIONAL OPERATIONS

Tobacco-Free Schools

The Superintendent recognizes that the health hazards associated with smoking and the use of tobacco and nicotine products, including the breathing of second-hand smoke, are inconsistent with its goal to provide a healthy environment for students and staff.

The Superintendent prohibits smoking and/or the use of tobacco products at any time in any San Joaquin County Office of Education (SJCOE) owned or leased buildings, on SJCOE property, and in SJCOE vehicles.

This prohibition applies to all employees, students, and visitors at any school-sponsored instructional program, activity, or athletic event held on or off SJCOE property. Any written joint use agreement governing community use of SJCOE facilities or grounds shall include notice of SJCOE tobacco-free schools policy and consequences for violations of SJCOE policy.

Smoking means inhaling, exhaling, burning, or carrying of any lighted or heated cigar, cigarette, pipe, tobacco, or plant product intended for inhalation, whether natural or synthetic, in any manner or form, and includes the use of an electronic smoking device that creates aerosol or vapor or of any oral smoking device for the purpose of circumventing the prohibition of smoking.

Tobacco products include:

1. Any product containing, made, or derived from tobacco or nicotine that is intended for human consumption, whether smoked, heated, chewed, absorbed, dissolved, inhaled, snorted, sniffed, or ingested by any other means, including, but not limited to, cigarettes, cigars, little cigars, chewing tobacco, pipe tobacco, or snuff.
2. An electronic device that delivers nicotine or other vaporized liquids to the person inhaling from the device, including, but not limited to, an electronic cigarette, cigar, pipe, or hookah.
3. Any component, part, or accessory of a tobacco product, whether or not sold separately.

This policy does not prohibit the use or possession of prescription products and other cessation aids that have been approved by the U.S. Department of Health and Human Services, Food and Drug Administration, such as nicotine patches or nicotine gum.

Smoking or use of any tobacco-related products and disposal of any tobacco-related waste are prohibited within 25 feet of any playground, except on a public sidewalk located within 25 feet of the playground. In addition, any form of intimidation, threat, or retaliation against a person for attempting to enforce this policy is prohibited.

INSTRUCTION**Tobacco**

The Superintendent recognizes the serious health risks presented by tobacco use and desires to ensure that, through adoption of consistent policies, students are made aware of those risks and, to the extent possible, protected from them. The Superintendent or designee shall establish a coordinated school health system which includes a comprehensive behavioral health education component that teaches students the knowledge, skills, and attitudes they need in order to lead healthy lives and avoid high-risk behaviors, such as tobacco use.

The Superintendent or designee shall provide prevention intervention, and cessation education, information, activities, and/or referrals to students and shall ensure consistent enforcement of San Joaquin County Office of Education (SJCOE) policies prohibiting student possession and use of tobacco products.

Prohibition Against Tobacco Use

Students shall not possess, smoke, chew or use tobacco or any product containing tobacco or nicotine while on campus, while attending school-sponsored activities, or while under the supervision and control of SJCOE employees.

Smoking means inhaling, exhaling, burning, or carrying of any lighted or heated cigar, cigarette, pipe, tobacco, or plant product intended for inhalation, whether natural or synthetic, in any manner or form, and includes the use of an electronic smoking device that creates aerosol or vapor or of any oral smoking device for the purpose of circumventing the prohibition of smoking.

Tobacco products include:

1. A product containing, made, or derived from tobacco or nicotine that is intended for human consumption, whether smoked, heated, chewed, absorbed, dissolved, inhaled, snorted, sniffed, or ingested by any other means, including, but not limited to, cigarettes, cigars, little cigars, chewing tobacco, pipe tobacco, or snuff.
2. An electronic device that delivers nicotine or other vaporized liquids to the person inhaling from the device, including, but not limited to, an electronic cigarette, cigar, pipe, or hookah.
3. Any component, part, or accessory of a tobacco product, whether or not sold separately.

These prohibitions do not apply to a student's possession or use of his/her own prescription products. However, student possession or use of prescription products in school shall be subject to SJCOE policy and regulation for addressing the administration of medications on campus.

Prevention Instruction

SJCOE shall provide developmentally appropriate tobacco-use prevention instruction for students at selected grade levels from K-12. Such instruction shall be aligned with state content standards and the state curriculum framework for health education and with any requirements of state and/or federal grant programs in which SJCOE participates.

Intervention/Cessation Services

SJCOE may provide or refer students to counseling, intensive education, and other intervention services to assist in the cessation of tobacco use. When appropriate, such intervention services may be provided as an alternative to suspension for tobacco possession.

Program Planning

The SJCOE tobacco-use prevention and intervention program shall be based on an assessment of tobacco-use problems in SJCOE schools and the community, an examination of existing services and activities in the community, and a determination of high-risk student populations that are most in need of SJCOE services.

The Superintendent or designee shall coordinate with the local health department in program planning and implementation. He/she may establish an advisory council including students, parent(s)/guardian(s), SJCOE staff, representatives of the local health department and community organizations, law enforcement professionals, and/or others with demonstrated expertise in tobacco prevention and cessation.

The Superintendent or designee also shall coordinate tobacco-use prevention and intervention program with other SJCOE efforts to reduce students' use of illegal substances and to promote student wellness.

The Superintendent or designee shall select anti-tobacco programs based on the model program designs identified by the California Department of Education (CDE) and may modify the model to meet SJCOE needs.

The Superintendent or designee shall not accept for distribution any materials or advertisements that promote the use or sale of tobacco products. He/she also shall not accept tobacco-use prevention or intervention funds or materials from the tobacco industry or from any entity, which has received funding from the tobacco industry.

Program Evaluation

To evaluate the effectiveness of the program and ensure accountability by SJCOE, the Superintendent or designee shall biennially administer the California Healthy Kids Survey or other appropriate student survey at selected grade levels in order to assess student attitudes toward tobacco and student use of tobacco. He/she also shall annually report to the CDE if required, the data specified in Health and Safety Code 104450.

The results of program evaluations shall be used to refine program goals and objectives and make changes as needed to strengthen program implementation.

Appendix F – Safe Storage of Firearms

The District is required to provide parents notice of California's child access prevention laws and laws relating to the safe storage of firearms. The District has attached a memorandum describing such laws. (Ed. C, § 48986, 49392)

Firearms Safety Memorandum

To: Parents and Guardians of Students at Venture Academy
From: Joni Hellstrom
Subject: California Law Regarding Safe Storage of Firearms

The purpose of this memorandum is to inform and to remind parents and legal guardians of all students at Venture Academy of their responsibilities for keeping firearms out of the hands of children as required by California law. There have been many news reports of children bringing firearms to school. In many instances, the child obtained the firearm(s) from his or her home. **These incidents can be easily prevented by storing firearms in a safe and secure manner, including keeping them locked up when not in use and storing them separately from ammunition.**

To help everyone understand their legal responsibilities, this memorandum spells out California law regarding the storage of firearms. Please take some time to review this memorandum and evaluate your own personal practices to assure that you and your family are in compliance with California law.

- With very limited exceptions, California makes a person criminally liable for keeping any firearm, loaded or unloaded, within any premises that are under their custody and control where that person knows or reasonably should know that a child is likely to gain access to the firearm without the permission of the child's parent or legal guardian, and the child obtains access to the firearm and thereby (1) causes death or injury to the child or any other person; (2) carries the firearm off the premises or to a public place, including to any preschool or school grades kindergarten through twelfth grade, or to any school-sponsored event, activity, or performance; **or** (3) unlawfully brandishes the firearm to others.¹
 - **Note:** The criminal penalty may be significantly greater if someone dies or suffers great bodily injury as a result of the child gaining access to the firearm.
- With very limited exceptions, California also makes it a crime for a person to negligently store or leave any firearm, loaded or unloaded, on their premises in a location where the person knows or reasonably should know that a child is likely to gain access to it without the permission of the child's parent or legal guardian, unless reasonable action is taken to secure the firearm against access by the child, even where a minor **never** actually accesses the firearm.²

¹ See California Penal Code sections 25100-25125 and 25200-25220.

² See California Penal Code section 25100(c).

- In addition to potential fines and terms of imprisonment, as of January 1, 2020, a gun owner found criminally liable under these California laws faces prohibitions from possessing, controlling, owning, receiving, or purchasing a firearm for 10 years.³
- Finally, a parent or guardian may also be civilly liable for damages resulting from the discharge of a firearm by that person's child or ward.⁴

Note: Your county or city may have additional restrictions regarding the safe storage of firearms.

Thank you for helping to keep our children and schools safe. Remember that the easiest and safest way to comply with the law is to keep firearms in a locked container or secured with a locking device that renders the firearm inoperable.

Sincerely,

Joni Hellstrom

Appendix G – Educational Rights - Immigration

“KNOW YOUR EDUCATIONAL RIGHTS” IMMIGRATION ENFORCEMENT FROM THE CALIFORNIA ATTORNEY GENERAL

Your Child Has the Right to a Free Public Education

- All children in the United States have a Constitutional right to equal access to free public education, regardless of immigration status and regardless of the immigration status of the student’s parents or guardians.
- In California:
 - All children have the right to a free public education.
 - All children ages 6 to 18 years must be enrolled in school.
 - All students and staff have the right to attend safe, secure, and peaceful schools.
 - All students have a right to be in a public school learning environment free from discrimination, harassment, bullying, violence, and intimidation.
 - All students have equal opportunity to participate in any program or activity offered by the school, and cannot be discriminated against based on their race, nationality, gender, religion, or immigration status, among other characteristics.

Information Required for School Enrollment

- When enrolling a child, schools must accept a variety of documents from the student’s parent or guardian to demonstrate proof of child’s age or residency.
- You never have to provide information about citizenship/immigration status to have your child enrolled in school. Also, you never have to provide a Social Security number to have your child enrolled in school.

Confidentiality of Personal Information

- Federal and state laws protect student education records and personal information. These laws generally require that schools get written consent from parents or guardians before releasing student information, unless the release of information is for educational purposes, is already public, or is in response to a court order or subpoena.
- Some schools collect and provide publicly basic student “directory information.” If they do, then each year, your child’s school district must provide parents/guardians with written notice of the school’s directory information policy, and let you know of your option to refuse release of your child’s information in the directory.

Family Safety Plans If You Are Detained or Deported

- You have the option to provide your child's school with emergency contact information, including the information of secondary contacts, to identify a trusted adult guardian who can care for your child in the event you are detained or deported.
- You have the option to complete a Caregiver's Authorization Affidavit or a Petition for Appointment of Temporary Guardian of the Person, which may enable a trusted adult the authority to make educational and medical decisions for your child.

Right to File a Complaint

- Your child has the right to report a hate crime or file a complaint to the school district if he or she is discriminated against, harassed, intimidated, or bullied on the basis of his or her actual or perceived nationality, ethnicity, or immigration status.

For more information on resources for responding to immigration enforcement activities at California schools, or to file a complaint, please contact:

Appendix H – Pupil Rights

Notification of Rights Under the Protection of Pupil Rights Amendment (PPRA)

PPRA affords parents certain rights regarding our conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include the right for parents of minor students to:

- A. Consent before students are required to submit a survey that concerns one or more of the following protected areas (“protected information survey”) if the survey is funded in whole or in part by a program of the U.S. Department of Education (ED):
 - 1. Political affiliations or beliefs of the student or student’s parent;
 - 2. Mental or psychological problems of the student or student’s family;
 - 3. Sex behavior or attitudes;
 - 4. Illegal, anti-social, self-incriminating, or demeaning behavior;
 - 5. Critical appraisals of others with whom respondents have close family relationships;
 - 6. Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
 - 7. Religious practices, affiliations, or beliefs of the student or parents; or
 - 8. Income, other than as required by law to determine program eligibility.
- B. Receive notice and an opportunity to opt a student out of:
 - 1. Any other protected information survey, regardless of funding;
 - 2. Any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screening, or any physical exam or screening permitted or required under State law; and
 - 3. Activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others.
- C. Inspect, upon request and before administration or use:
 - 1. Protected information surveys of students;
 - 2. Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
 - 3. Instructional material used as part of the education curriculum.

These rights transfer from the parents to a student who is 18 years old or an emancipated minor under State law.

Venture Academy has developed and adopted policies, in consultation with parents, regarding these rights, as well as arrangements to protect student privacy in the administration of protected surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. **Venture Academy** will directly notify parents of these policies at least annually at the start of each school year and after any substantive changes. **Venture Academy** will also directly notify, such as through the U.S. Mail or email, parents of students who are scheduled to participate in the specific activities or surveys noted below and will provide an opportunity for the parent to opt his or her child out of participation in the specific activity or survey. **Venture Academy** will make this notification to parents at the beginning of the school year if the District has identified the specific or approximate dates of the activities or surveys at that time. For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification of the planned activities and surveys listed below and be provided an opportunity to opt their child out of such activities and surveys. Parents will also be provided an opportunity to review any pertinent surveys. The following is a list of the specific activities and surveys covered under this requirement:

1. Collection, disclosure, or use of personal information for marketing, sales or other distribution.
2. Administration of any unprotected information survey not funded in whole or in part by the Department of Education.
3. Any non-emergency, invasive physical examination or screening as described above.

Parents/eligible students who believe their rights have been violated may file a complaint with:

Appendix J – AUTHORIZATION FOR MEDICATION ADMINISTRATION

Pursuant to Education Code section 49423, students who are required to take medication prescribed by a physician, surgeon, or physician assistant during the regular school day (including over-the-counter medications such as aspirin, cold medicine, etc.) may obtain assistance from a school nurse or other designated employee if the District receives a written statement from both the student’s physician, surgeon, or physician’s assistant

("Provider"), and the student's parent/guardian authorizing the use of the medication and requesting assistance in its administration.

Except for certain self-administered medications ("epi-pen," "inhaler," or "insulin") authorized for personal use, students may not self-medicate or possess any over-the-counter or prescription medication while on District property. Unless otherwise governed by an Individualized Education Plan or Section 504 Plan, completion of this Authorization and compliance with its obligations by the parent/guardian and student is required to maintain the privilege afforded by section 49423. In addition, pursuant to Education Code section 49480 and this Authorization, the school nurse is authorized to contact the Provider below to have any question, issue, or safety concern addressed regarding the proper storage, handling, or administration of the medication, and the possible effects of the drug on the student's physical, intellectual, and social behavior, as well as possible behavioral signs and symptoms of adverse side effects, omission, or overdose. District employees may also communicate the existence of this Authorization to teachers and other employees who may supervise the Student.

Authorization and Form for the doctor can be found on the Venture website under Resources for parents or by using this link [here](#). In addition to this form, we need the waiver included below.

Waiver of Liability:

By signing below, I hereby release the District from any and all claims against the District and its personnel if my child suffers an adverse reaction as a result of self-administering auto-injectable epinephrine.

I understand that Education Code section 49407 states: "Notwithstanding any provision of any law, no school district, officer of any school district, school principal, physician, or hospital treating any child enrolled in any school in any district shall be held liable for the reasonable treatment of a child without the consent of a parent or guardian of the child when the child is ill or injured during regular school hours, requires reasonable medical treatment, and the parent or guardian cannot be reached, unless the parent or guardian has previously filed with the school district a written objection to any medical treatment other than first aid." To the fullest extent allowed by Section 49407 and California law, I understand that I am waiving any potential claim I may have against the District, its officers, and employees regarding their assistance in compliance with this Authorization.

A new Authorization Form must be completed (1) when a medication, dosage, frequency of administration changes, or reason for administration changes; or (2) at the commencement of a new school year. I may revoke this Authorization, in writing, at any time, by providing written notice to [Name & Title] at [Contact Information].

Appendix K - Type I Diabetes Information

1. Type 1 Diabetes Information

(a) Type 1 diabetes in children is an autoimmune disease that can be fatal if untreated, and the guidance provided in this information sheet is intended to raise awareness about his disease.

(b) Type 1 diabetes usually develops in children and young adults, but can occur at any age.

- According to the U.S. Centers for Disease Control and Prevention (CDC), cases of type 1 diabetes in youth increased nationally from 187,000 in 2018 to 244,000 in 2019, representing an increase of 25 per 10,000 youths to 35 per 10,000 youths, respectively.

- The peak age of diagnosis of type 1 diabetes is 13-14 years, but diagnosis can also occur much earlier or later in life.

(c) Type 1 diabetes affects insulin production.

- As a normal function, the body turns the carbohydrates in food into glucose (blood sugar), the basic fuel for the body's cells.

- The pancreas makes insulin, a hormone that moves glucose from the blood into the cells.

- In type 1 diabetes, the body's pancreas stops making insulin, and blood glucose levels rise.

- Over time, glucose can reach dangerously high levels in the blood, which is called hyperglycemia.

- Untreated hyperglycemia can result in diabetic ketoacidosis (DKA), which is a life-threatening complication of diabetes.

2. Risk Factors Associated with Type 1 Diabetes

(a) It is recommended that students displaying warning signs associated with type 1 diabetes, which are described below, should be screened (tested) for the disease by their health care provider.

(b) Researchers do not completely understand why some people develop type 1 diabetes and others do not; however, having a family history of type 1 diabetes can increase the likelihood of developing type 1 diabetes.

(c) Other factors may play a role in developing type 1 diabetes, including

environmental triggers such as viruses.

(d) Type 1 diabetes is not caused by diet or lifestyle choices.

3. Warning Signs and Symptoms Associated with Type 1 Diabetes

(a) Warning signs and symptoms of type 1 diabetes in children develop quickly, in a few weeks or months, and can be severe. If your child displays the warning signs below, contact your child's primary health care provider or pediatrician for a consultation to determine if screening your child for type 1 diabetes is appropriate:

- Increased thirst.
- Increased urination, including bed-wetting after toilet training.
- Increased hunger, even after eating.
- Unexplained weight loss.
- Feeling very tired.
- Blurred vision.
- Very dry skin.
- Slow healing of sores or cuts.
- Moodiness, restlessness, irritability, or behavior changes.

(b) DKA is a complication of untreated type 1 diabetes. DKA is a medical emergency. Symptoms include:

- Fruity breath.
- Dry/flushed skin.
- Nausea.
- Vomiting.
- Stomach pains.
- Trouble breathing.
- Confusion.

4. Types of Diabetes Screening Tests that are Available

(a) Glycated hemoglobin (A1C) test:

- A blood test measures the average blood sugar over two to three months.
- An A1C level of 6.5 percent or higher on two separate tests indicates diabetes.

(b) Random (non-fasting) blood sugar test:

- A blood sample is taken any time without fasting.
- A random blood sugar level of 200 milligrams per deciliter (mg/dl) or higher suggests diabetes.

(c) Fasting blood sugar test:

- A blood sample is taken after an overnight fast.
- A level of 126 mg/dl or higher on two separate tests indicates diabetes.

(d) Oral glucose tolerance test:

- A test measuring the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid.
