

Excel Students and Parents-

Thank you so much for your patience as we worked to finalize the details for this school year. At this time, we are not allowed to have in-person meetings so we will be recording an orientation that you and your student need to watch together and then, if needed, attend one of our online orientation question and answer sessions. Below are the details for when you need to come onto campus to pick up and drop off of materials as well as your students' schedule. Please let us know you have received and read this letter via Jupiter message, email a teacher, or call Lynette letting us know you have received this back to school information. Your return communication secures your spot at Excel for the 2020 -2021 school year.
