

Ropes Course Details

As a reminder the first week of school is homeschool except for the one day each grade is reporting to the ropes course. We are excited to start the year off with this opportunity for team building for each grade level as a main focus of ours all school year will be team work. Each student will need to return a permission slip for the ropes course.

We will provide a light breakfast and lunch for the students the day they attend the ropes course. We are asking for each student to pay \$10 to help cover the cost of the ropes course. If this will cause a hardship for your family please let us know. Checks should be made out to Venture Academy.

Your options to turn in your payment and permission slip are:

- with Lynette Graham at the reception office of the Excel High School building during summer from 7-10am.
- at orientation Monday August 6th.

If you have further questions please contact Ms. Nestle at 209-227-2295 or enestle@sjcoe.net or Lynette at 209-227-2290.

Thank you

Kinect Staff
